Ordering

Share the content link, activity and quantity. Hakim will confirm suitability, rate, availability and completion evidence.

Detailed reference rates follow later in this guide. Final pricing and available activities require confirmation.

How to place an order

01 Send the brief

Share the platform, exact content link, requested activity and quantity. Include your preferred campaign dates.

02 Confirm the quotation

Hakim confirms the rate, availability, activity mix and delivery scope before you approve the order.

03 Prepare the content

Keep the post or page accessible for the agreed activity. Send the approved brief and any required instructions.

04 Review completion

Check the agreed completion evidence with Hakim and raise any issues against the approved scope.

Confirm the final scope and timing before activation. Delivery schedules depend on the activity, quantity and available participants.

Before you order
